

JELLY

JUICY

FRUIT BAR

**Juicy bar is when you have
an energy drink and snack
at the same time!**

I have a sweet tooth.

First aid against hunger should have practical packaging.

This little piece of pleasure easily squeezes in a purse
or a car compartment and can be unpacked quickly
and eaten comfortably. Under tasty cocoa coating is hidden
a crispy cereal bar filled with jelly layer of real fruit flavour.

The perfect snack during busy days.
